Investment objective & strategy

The Momentum Focus 4 Fund aims to deliver a real return for investors over the medium to long term of CPI +4% net of fees, with anticipated volatility in the range of 6-9%. The Fund aims to operate within the 'lowest medium' risk profile as defined by Distribution Technology, the independent fund rating agency. The Fund will invest across a range of asset classes using third party investment funds, and is classified in the IA Flexible Investment sector. The minimum investment horizon for the Fund should be thought of as five years.

† As at 31 December 2019, 1.36% of the Net Asset Value of the portfolio was incurred as charges, levies and fees related to the management of the portfolio. Factsheet asset allocation percentages are in some cases based on the normalised (or benchmark) asset allocations of investee funds, as opposed to the actual exposures of those funds at the date of the factsheet. This reflects the expected average allocation over time which will result from decisions to hold particular funds.
