TEN YEAR HISTORICAL CUMULATIVE PERFORMANCE

Fund performance is calculated on a total return basis, net of all fees and in GBP terms. The value of the underlying funds and the income generated from them can go down as well as up, and is not guaranteed. Investors may not get back the original amount invested. The value of investments involving exposure to foreign currencies can be affected by currency exchange rate fluctuations. Past performance is not a guide to future performance.

MONTHLY COMMENTARY

- April saw a return to volatility, masked by relatively modest monthly returns. Developed market equities fell -2.4% and emerging markets -2.0% in GBP terms. UK gilts and gold both rose 1.8%. UK mid and small caps were notable outperformers, gaining 2.2% and 3.6% respectively, while European and Japanese equities also delivered positive returns. Yet behind these headline figures, markets were turbulent – whipsawed by chaotic US policy shifts and the broader implications of a rapidly evolving geopolitical order.
- In April, we introduced Supermarket Income REIT (SUPR) to the portfolio. SUPR owns and manages omnichannel supermarket properties, let to leading UK and French grocers such as Tesco, Sainsbury's and Carrefour. These assets support both in-store and online retail, and 80% of leases are inflation-linked. SUPR offers a stable, defensive income stream, an 8% dividend yield, and is currently trading at a material discount to NAV.
- Within property, NewRiver REIT made strong operational and strategic progress in FY25, with the £151m acquisition of Capital & Regional boosting portfolio value to £897m and unlocking £6.2m in cost savings. Leasing momentum, improved occupancy, outperformance in customer spend, and rising asset values support a forecast 9.7% dividend yield and positive outlook for income growth.
- LondonMetric Property continued active portfolio management, acquiring a long-let M&S logistics hub for £74m at a 5.65% net initial yield and disposing of £40.4m of mature and non-core urban warehousing. It also made a preliminary takeover proposal for Urban Logistics REIT, valuing it at £674m.
